

Wuxi Tefa Decoration Material Co., Ltd.

NO.5 HUAQING INTELLIGENT PARK,HUIZHAN DISTRICT,WUXI,JIANGSU,CHINA

Tel/wechat/whatsapp:+86-18751567592 Email: mara@topvcfloor.com

1. Flexible vinyl flooring for hospital vinyl plank flooring.
2. Non-directional pattern design, easy to installation;
3. Homogeneous vinyl product structure, perfect stress resistance and wear
4. Excellent performance of iodine.
5. Anti-bacterial and anti-fungal treatment.
6. Densely compacted homogeneous floor covering for improved wear and ease of maintenance.
7. Passed the test of Antibacterial,Mildew,Anti acid,anti alkali, iodophor resistance; Special maintenance treatment, no need to wax for life;

Technical Data for homogeneous floor

Total Thickness	EN428	2.0mm
Size	EN426	2.0m×20m
Total Weight	EN430	2800g/m²
Type of flooring	EN649	Non directional homogeneous rolls
Classification	EN685	23/34/43
Special Treatment		PUR
Wear group	EN660	Level T
Residual indentation	EN433	0.025mm
Dimensional stability	EN434	≤0.4%
Resistance to chemicals	EN423	Excellent
Reaction to fire	EN13501-1	B-s1
Electircal behaviour	EN1815	≤2kV
Impact sound reduction	ENISO717/2△Lw	About+4dB
Color fastness to light	ENISO105-B02	≥6
Mold resistance	DIN EN ISO 846-A/C	No bacteria
Slip resistance	DIN51130	R9
Hazardous Substances testing	GB18586-2001	Qualified
